BURGERS

CHEF BARNY has pulled together his favourite burger recipes to help you in the kitchen. Whether it's adding one of our seasonings to your existing meat patty to pack in flavour or topping your burger with our sauces. From Smoky BBQ to Mexican, we have got you covered!

Why not add personalisation to your menu with our wide range of seasonings and sauces, or simply add extra heat with our Jalapeños. All of our ingredients are easy to use. Take our Pickling Mix for example - just sprinkle it over a

sliced onion and wait 20 minutes and you have your own perfect pickle to add value to your burger. You can also mix it with white and red cabbage to make the perfect slaw.

Don't forget the sides, from Loaded Nachos to Crispy Bites!

All our recipes have been designed to offer the full burger experience. Contact us now to see how we can support you.
